Trends in Nursing Practice

Saturday, August 3, 2013 at

School of Nursing
University of Houston Victoria-Sugar Land
14000 University Blvd
Sugar Land, TX 77479
Course Description

This outstanding program will highlight important topics of interest for all nurses. This year’s theme will focus on Trends in Nursing Practice. The conference is committed to presenting topics of interest that are current, up to date, and supported by solid scientific evidence.

Course Objectives

Upon completion of this program, the learner will be able to:

1. Examine current trends in nursing practice that influence care delivery and patient outcomes.
2. Apply scientific research and evidence based practice to improve patient care process and nursing practice.
3. Discuss current trends in clinical pharmacology.
4. Develop a network of professional colleagues for the exchange of knowledge.
